Dear Ms Test

Please find enclosed your recently updated "My Life Plan" which we have written based on information you have given us. If you would like any part changed, please let us know.

The Care Co-Ordinators work closely as part of the Practice Team with your own GP Dr Tom Cahill who still has overall responsibility for the care and support that we provide you.

If you are going into hospital, and are happy to share this information with other Health Care providers, please ensure you take this folder with you.

If you have any queries or concerns, please don't hesitate to contact the Care Planning Team Hub on 07517 863938.

Please ensure that you keep this document in a safe place.

Yours sincerely

**On behalf of
The Care Planning Team**
