

RCGP East Scotland Faculty

General Practice Education Award

For distinguished work in the field of Medical Education in General Practice

Aim:

Many students and trainees have been enthused or stretched by an inspirational teacher. The East Scotland Faculty General Practice Education Award recognises GP educationalists including Undergraduate Teachers and those involved in Postgraduate teaching, including Educational Supervisors within GP Specialty Training and those more widely involved in Postgraduate education who have 'gone the extra mile' to deliver high quality personal teaching to young doctors preparing for careers in General Practice.

Award:

The Award will comprise a medal and will be presented at the RCGP East Scotland Faculty Annual Lecture in June. If in any one year there are no suitable applications, the award will be held over to the following year.

Eligibility:

The award is made for distinguished work in the field of medical education. The award is primarily to recognise the work of those involved in face-to-face teaching of undergraduate students such as Undergraduate Tutors, those involved in group teaching or leading General Practice teaching, or those involved in training Trainees or Registrars, such as Educational Supervisors, Associate Advisers, Training Programme Directors, Assistant Directors or Directors of Postgraduate GP Education.
